Chapter 11

(Lead Case)

(Jointly Administered)

**STATEMENT OF FINANCIAL AFFAIRS
FOR PG&E CORPORATION**

1 **GLOBAL NOTES AND STATEMENT OF LIMITATIONS, METHODOLOGY, AND**
2 **DISCLAIMERS REGARDING DEBTORS' STATEMENT OF FINANCIAL AFFAIRS**

3 On January 29, 2019 (the "**Petition Date**"), PG&E Corporation ("**PG&E Corp.**") and Pacific Gas and
4 Electric Company (the "**Utility**"), as debtors and debtors in possession (collectively, "**PG&E**" or the
5 "**Debtors**"), each commenced a case under chapter 11 of title 11 of the United States Code (the
6 "**Bankruptcy Code**") in the United States Bankruptcy Court for the Northern District of California,
7 San Francisco Division (the "**Bankruptcy Court**"). The Debtors are authorized to operate their
8 businesses and manage their properties as debtors in possession, pursuant to sections 1107(a) and 1108
9 of the Bankruptcy Code. The Debtors' chapter 11 cases are being jointly administered for procedural
10 purposes only under the Lead Case No. 19-30088 (DM) (the "**Chapter 11 Cases**") pursuant to Rule
11 1015(b) of the Federal Rules of Bankruptcy Procedure (the "**Bankruptcy Rules**"). On March 14,
12 2019, each of the Debtors filed their Schedules of Assets and Liabilities [Docket Nos. 897-908].

13 **OVERVIEW OF GLOBAL NOTES**

14 Each of the Debtors has herewith filed a separate Statement of Financial Affairs (as may be amended,
15 modified, or supplemented from time to time, the "**Statements**"). These *Global Notes and Statement*
16 *of Limitations, Methodology, and Disclaimers Regarding Debtors' Statement of Financial Affairs*
17 (the "**Global Notes**") relate to each Debtor's Statements and set forth the basis upon which the
18 Statements are presented. **These Global Notes pertain to, are incorporated by reference in, and**
19 **comprise an integral part of, the Statements and should be referred to and considered in**
20 **connection with any review of the Statements.** The Global Notes are in addition to any specific
21 notes contained in either Debtor's Statements. Except as otherwise expressly set forth herein,
22 information in the Statements is presented as of the Petition Date and on an individual Debtor-by-
23 Debtor basis. Disclosure of information in one part, exhibit, or continuation sheet, even if incorrectly
24 placed, shall be deemed to be disclosed in the correct part, exhibit, or continuation sheet.

25 The Statements have been prepared by the Debtors' management with the assistance of their advisors
26 and other professionals pursuant to section 521 of the Bankruptcy Code and Bankruptcy Rule 1007.
27 The Statements contain unaudited information, which is subject to further review and potential
28 adjustment. Reasonable efforts have been made to provide accurate and complete information herein
29 based upon information that was available at the time of preparation; however, subsequent information
30 or discovery thereof may result in material changes to the Statements and inadvertent errors or
31 omissions may exist.

32 **The Statements and Global Notes should not be relied upon by any persons for information**
33 **relating to current or future financial conditions, events, or performance of either of the Debtors.**

34 The Debtors and their agents, attorneys, and financial advisors expressly do not undertake any
35 obligation to update, modify, revise, or re-categorize the information provided herein, or to notify any
36 third party for any direct, indirect, incidental, consequential, or special damages (including, but not
37 limited to, damages arising from the disallowance of a potential claim against the Debtors or damages
38 to business reputation, lost business, or lost profits), whether foreseeable or not and however cause,
39 even if the Debtors or their agents, attorneys, and financial advisors are advised of the possibility of
40 such damages.

1 The Debtors reserve all rights to amend, modify, or supplement the Statements from time to time, in
2 all respects, as may be necessary or appropriate. Furthermore, nothing contained in the Statements
3 shall constitute an admission of any claims or a waiver of either of the Debtor's rights with respect to
4 the Chapter 11 Cases, including with respect to any issues involving causes of action arising under the
5 provisions of chapter 5 of the Bankruptcy Code and other relevant non-bankruptcy laws to recover
6 assets or avoid transfers.

7 The Statements for each Debtor have been signed by David Thomason, Chief Financial Officer for the
8 Utility and Controller for PG&E Corp. In reviewing and signing the Statements, Mr. Thomason
9 necessarily relied upon the efforts, statements, and representations of various personnel employed by
10 the Debtors and their advisors and other professionals. Mr. Thomason has not (and could not have)
11 personally verified the accuracy of each such statement and representation.

12 **Methodology and Limitations**

13 **Basis of Presentation:** Information contained in response to the Statements has been derived from
14 the Debtors' books and records, historical financial statements, and other readily available
15 information. Unless otherwise indicated herein, all amounts are reflected in U.S. dollars.

16 **Confidentiality:** There may be instances in the Statements where the Debtors have deemed it
17 necessary and appropriate to redact or withhold from the public record information such as names,
18 addresses, or amounts. Typically, the Debtors have used this approach because of an agreement
19 between the Debtors and a third party, concerns of confidentiality, or concerns for the privacy of an
20 individual. Certain information may not have been included in the responses to the Statements because
21 publicly disclosing the information may violate confidentiality requirements.

22 **Specific Statements Disclosures:**

23 **a. Statement 1 – Gross Revenues from Business:** The gross revenue from operation of the Utility's
24 business is listed for 2017, 2018, and the period ending January 31, 2019.

25 The Utility recognizes revenues when electricity and natural gas services are delivered. The Utility
26 records unbilled revenues for the estimated amount of energy delivered to customers but not yet
27 billed at the end of such period. Unbilled revenues are included in accounts receivable on the
28 Consolidated Balance Sheets. Rates charged to customers are based on revenue requirements
authorized by the California Public Utilities Commission (the "CPUC") and the Federal Energy
Regulatory Commission ("FERC"). Revenues can vary significantly from period to period due to,
among other reasons, seasonality, weather, and customer usage patterns.

FERC authorizes the Utility's revenue requirements in periodic transmission owner rate cases. The
Utility's ability to recover revenue requirements authorized by FERC is dependent on the volume
of the Utility's electricity sales, and revenue is recognized only for amounts billed and unbilled,
net of a reserve for revenues subject to refund.

b. Statement 2 – Non-Business Revenue: The non-business revenue is listed for 2017, 2018, and
the period ending January 31, 2019.

- 1 c. **Statement 3 - 90 Day Payments:** The dates identified in the date of payment column for payments
2 made to creditors for goods or services, and other debts, within 90 days prior to the Petition Date
3 relate to one of the following: (i) the date of a wire transfer; (ii) the date of an ACH payment; or
4 (iii) the issuance date for a check or money order. Although the Debtors have attempted to remove
5 unfunded and rejected payments, there may be items in process; therefore, certain payments
6 reflected in response to Statement 3 may not have been paid, and those amounts may also appear
7 as unsecured non-priority claims in Schedule E/F as amounts owed to the same entities. Credits
8 taken against balances owed to third parties are included in response to Statement 3. Payments or
9 transfers made within the 90 days prior to the Petition Date to non-employee directors and/or
10 insiders are included in response to Statement 4, and not listed in response to Statement 3.
11 Payments or transfers on account of payroll and expenses for employees are not included in
12 response to Statement 3. Payments or transfers made within the 90 days before the Petition Date
13 that relate to bankruptcy or restructuring related advice or services are included in response to
14 Statement 11, and not listed in response to Statement 3.
- 15 d. **Statement 4 – Payments to or for the Benefit of Insiders:** Payments, distributions and
16 withdrawals credited or made to insiders listed in response to this Statement include: (i) transfers
17 and payments to insiders made within 90 days of the Petition Date; and (ii) transfers and payments
18 that benefited any insider made within one year of the Petition Date that would otherwise be
19 included in response to Statement 30 herein. For purposes of the Statements, Insiders is defined
20 as current or former Executive Officers, as defined in the Form 10-K for Fiscal Year Ended
21 December 31, 2018 of PG&E Corp. or the Utility, as well as non-employee Directors and affiliates
22 of the Debtors. Amounts listed in response to Statement 4 include the vested value, as of the date
23 of vesting, of Restricted Stock Units for certain insiders. In addition, to the extent any insiders
24 deferred compensation into the Supplemental Retirement Savings Plans, pre-tax deferred amounts
25 are included in response to Statement 4.
- 26 e. **Statement 6 – Setoffs:** The Debtors routinely incur setoffs and net payments in the ordinary
27 course of business. Such setoffs and nettings may occur in connection with a variety of ordinary
28 and customary transactions or settlements and are done in accordance with the contractual
arrangement or an agreed upon settlement, including, but not limited to, intercompany
transactions, pricing discrepancies, refunds, negotiations, and/or disputes between the Debtors and
their customers regarding regulatory or governmental impositions costs incurred by the Debtors,
and other ordinary and customary billing disputes between the Debtors and their customers and/or
suppliers. These normal setoffs and net payments are consistent with the ordinary course of
business in the Debtors' industry and can be particularly voluminous, making it unduly
burdensome and costly for the Debtors to list such ordinary course setoffs. Therefore, although
such setoffs and nettings may have been accounted for when scheduling certain amounts, these
ordinary course setoffs and nettings are not independently accounted for, and as such, have been
excluded from the Statements.
- 29 f. **Statement 7: Legal actions, administrative proceedings, court actions, executions,**
30 **attachments or governmental audits:** The Debtors have used reasonable efforts to report all
legal actions, proceedings, investigations, arbitrations, mediations, and audits by federal or state
agencies in which the Debtors were involved in any capacity within one year prior to the Petition
Date. Reserves are included in the balance sheet for issues when a negative outcome is probable
and the amount is reasonably estimable.

As of the Petition Date, several matters were in the litigation and dispute resolution process. The Debtors reserve all of their rights and defenses with respect to any and all listed lawsuits and administrative proceedings. The listing of any such suits and proceedings shall not constitute an admission by the Debtors of any liabilities or that the actions or proceedings were correctly filed against the Debtors or any affiliates of the Debtors. The Debtors also reserve their rights to assert that neither the Debtors nor any affiliate of the Debtors is an appropriate party to such actions or proceedings.

- g. Statement 8: Assignments and Receiverships:** In the ordinary course of business, the Debtors may enter into contracts which provide for an assignment of certain payments. These assignments have not been listed in response to this Statement as they are not associated with a legal action.
- h. Statement 9: Charitable Contributions:** The donations and/or charitable contributions listed in response to Statement 9 represent payments made to 501(c)(3) non-profit organizations, government, and public agencies for charitable purposes during the applicable timeframe that were recorded as such within the Debtors' books and records. The response to Statement 9 does not include amounts withheld via employee deductions and paid to non-profit organizations on behalf of employees.
- i. Statement 10 – Certain Losses:** The losses listed in response to Statement 10 may exclude those incurred in the ordinary course of business, those where the amount is *de minimis*, or where the loss is less than the amount of the insurance deductible. The property values reported in response to Statement 10 are based on the actual or estimated costs, including labor costs, to repair the property.
- Losses to the Debtors' property as a result of the 2018 wildfires are not reported herein as the Debtors have not yet calculated any such losses.
- j. Statement 11 – Payments Related to Bankruptcy:** All disbursements listed in response to Statement 11 were initiated and disbursed by each specific Debtor entity but were for the benefit of both Debtors. To the extent any of the firms listed in response to Statement 11 performed both Bankruptcy and non-Bankruptcy related work, the Debtors have attempted to identify only the payments related to Bankruptcy. However, certain payments listed in response to Statement 11 may be for both Bankruptcy and non-Bankruptcy services.
- k. Statement 12 – Self-settled Trusts:** Federal law requires all operators of nuclear facilities to create and fund a nuclear decommissioning trust fund with adequate funds to decommission those facilities such that they present no risk to public health and safety or the environment when they are removed from service. The Debtors periodically estimate the costs associated with their nuclear decommissioning efforts, seek CPUC authorization for the funding of such costs, and deposit such funding into externally managed and segregated nuclear decommissioning trusts. The Debtors routinely seek reimbursement from the decommissioning trusts for prudent decommissioning expenditures approved by the CPUC. inclusion of any trusts or any transfers of trust funds herein, including without limitation, of any nuclear decommissioning trust funds, is neither an admission nor determination by the debtors that such trusts are self-settled trusts, and the debtors reserve all rights with respect to such determination.

- 1 **l. Statement 13 – Transfers Not Already Listed:** During 2018 and 2019, the Debtors’ credit ratings
2 were subject to multiple downgrades by the credit agencies, and are currently rated below
3 “investment grade” by all three major rating agencies. Further downgrades of the Debtors’ credit
4 ratings on January 7, 2019 and January 10, 2019 triggered a requirement that PG&E post
5 substantial cash collateral in connection with its power purchase and other supply arrangements.
6 Cash collateral postings and prepayments made prior to the commencement of the Chapter 11
7 Cases in connection with these arrangements have not been listed in response to Statement 13. To
8 the extent such payments occurred in the 90 days prior to the Petition Date, they have been included
9 in Statement 3.
- 10 **m. Statement 14 – Previous Addresses:** The Debtors’ principal location has remained the same
11 during the 3 years prior to the Petition Date. Due to the volume of this information, the Debtors
12 have not listed previous addresses associated with their various services centers and other
13 generation, distribution, or transmission locations.
- 14 **n. Statement 16 – Personally Identifiable Information:** In the ordinary course of business, the
15 Debtors collect and maintain certain personally identifiable information (“PII”), including, but not
16 limited to, their customers’ names, billing address, service address, phone numbers, email
17 addresses and utility account information. A list of categories of collected PII is included in the
18 response to Statement 16. The Debtors store and maintain this data in accordance with the privacy
19 and confidentiality requirements mandated by the CPUC and other state and federal laws.
- 20 **o. Statement 20 – Off-Premises Storage:** Certain off-premises facilities which store the Debtors’
21 natural gas have not been disclosed due to confidentiality.
- 22 **p. Statement 21 – Property Held for Another Person:** In the ordinary course of business, the
23 Debtors collect and hold cash collateral amounts from certain counterparties. Those counterparties
24 and the cash held by the Debtors are listed in response to Statement 21.

25 The Debtors collect a variety of fees and taxes, including, but not limited to, utility users tax,
26 excessive electric use tax, business license tax, and city franchise surcharges and other fees
27 collected through customer billings and remitted to the applicable state and local municipalities
28 (collectively, the “Pass Through Fees”). Pass Through Fees are generally remitted by the Debtors
to the applicable Taxing Authorities several times a year. The Debtors have received final authority
pursuant to the *Final Order Pursuant to 11 U.S.C. Sections 105(a), 363(b), 507(a), and 541 and*
Fed. R. Bankr. P. 6003 and 6004 Authorizing Debtors to Pay Prepetition Taxes and Assessments
and Granting Related Relief [Docket No. 698] to pay prepetition tax liabilities, including Pass
Through Fees. The Debtors have excluded amounts collected from their customers in connection
with Pass Through Fees from the response to Statement 21.

The Debtors collect from customers amounts owed to the third parties for the electricity and natural
gas supplied by the third parties (the “TPP Funds”). The programs under which such third parties
provide this electricity or natural gas are known as Community Choice Aggregation, Direct
Access, and Core Gas Aggregation. Remittance of such pass-through revenues by the Debtors to
the third parties in connection with the Third-Party Programs (the “TPP Costs”) ranges from daily
to weekly. The Debtors have received final authority pursuant to the final order [Docket No. 843]

1 approving their *Motion of Debtors Pursuant to 11 U.S.C. §§ 105(a), 363(b), and 507(a)(7) and*
2 *Fed. R. Bankr. P. 6003 and 6004 for Interim and Final Orders (i) Authorizing Debtors to (a)*
3 *Maintain and Administer Customer Programs, Including Public Purpose Programs, and (b)*
4 *Honor any Prepetition Obligations Relating Thereto,; and (ii) Authorizing Financial Institutions*
5 *to Honor and Process Related Checks and Transfers* [Docket No. 16] (the “Customer Programs
6 Motion”) to continue to pay prepetition TPP Costs. The Debtors have excluded amounts collected
7 from their customers in connection with TPP Costs from the response to Statement 21.

8 As described in the Customer Programs Motion, the Debtors also hold certain security and other
9 ordinary course deposits and amounts provided by their customers, which have been excluded
10 from the response to Statement 21.

11 The adequate assurance deposit established pursuant to the *Order Pursuant to 11 U.S.C. §§ 366*
12 *and 105(a) Approving Debtors’ Proposed Form of Adequate Assurance of Payment to Utility*
13 *Providers, (ii) Establishing Procedures Providing Adequate Assurance and Resolving Objection*
14 *of Utility Providers, and (iii) Prohibiting Utility Providers from Altering, Refusing, or*
15 *Discontinuing Utility Service* [Docket No. 708] has been excluded from the response to Statement
16 21.

17 **q. Statements 22–24 – Environmental:** The Debtors have historically maintained property and
18 operations in many locations. At some of these locations, the Debtors no longer have any
19 operations, and, as of the Petition Date, may no longer maintain relevant records, or the records
20 may no longer be complete or reasonably accessible and reviewable. Individuals who once
21 possessed responsive information may no longer be employed by the Debtors. For all of these
22 reasons, it is not reasonably possible to identify and supply the requested information for every
23 site and proceeding responsive to Statements 22–24. Nonetheless, the Debtors have used
24 reasonable efforts to identify and provide the requested information for as many responsive sites
25 and proceedings as reasonably possible. The Debtors reserve all of their rights to supplement,
26 modify or amend this response if additional information becomes available.

27 Sites for which the Debtors have or may have received notices from governmental authorities that
28 it is or may be liable under Environmental Laws fall within two main categories: (1) currently
owned, operated and leased sites; formerly owned, operated or leased sites; or other third party
sites for which is the Debtors are or may be liable for investigation and remediation of historic
contamination (“**Contaminated Sites**”) and (2) operating sites for which the Debtors have
received notices of violations (“**NOV**”) or citations alleging violations of Environmental Laws in
connection with their activities at those sites. Sites that are included in response to Statement 23
on the basis of the Debtors’ conclusion that they are Contaminated Sites, as opposed to receipt of
an NOV, are identified in response to Statement 23 with an asterisk.

With respect to Contaminated Sites, investigation, remediation, and post-closure monitoring takes
place under a variety of regulatory contexts, only some of which involve formal written notices
from government agencies of actual or potential liability such as Cleanup and Abatement Orders
or Imminent and Substantial Endangerment orders. Thus, while the Debtors may have received
formal notices of potential liability from governmental agencies in some cases, many other sites
are investigated or remediated under Voluntary Cleanup Agreements with regulators, contracts
with third parties such as current site owners, or other voluntary agreements. In the interest of

1 providing as complete a picture of their actual or potential environmental liability as possible, is
2 the Debtors are identifying all known Contaminated Sites for which they have potential liability
3 under Environmental Laws, regardless of whether they were notified of such potential liability by
4 a governmental authority. The response to Statement 23 consists of every such site they have
5 identified after reasonable diligence, the site address, the lead agency if any, and the lead agency's
6 address. With regard to the Environmental Laws, if known, under which PG&E is potentially
7 liable, there is a panoply of federal, state, and local laws under which Contaminated Sites in
8 California can be required to be investigated and remediated, and oftentimes more than one
9 Environmental Law is applicable to a single site.

10 If a site identified in response to Statements 23 or 24 is the subject of multiple notices, or notices
11 that preceded and were related to proceedings listed in the response to Statement 22, all such
12 notices may not be listed.

13 With regard to NOV's and citations, the response to Statement 23 includes NOV's or citations from
14 2014-2018. Due to changes in, and the nature of, certain information tracking systems, the Debtors
15 were unable to identify responsive information using reasonable efforts for NOV's occurring prior
16 to 2014. The majority of citations received by PG&E are from local environmental enforcement
17 authorities known as Certified Uniform Program Agencies ("CUPAs") and relate to minor
18 violations of hazardous waste and material laws (e.g. labeling, accumulation, storage, hazardous
19 material business plan), which do not result in a penalty. Information regarding the alleged
20 violations may not be available and when available, it is generally summarized by the type of
21 violation (e.g. air quality).

22 The response to Statement 24 (concerning notices by the Debtors of releases) does not list routine
23 reports and submissions, if they exist, concerning discharges resulting from normal operations if
24 the reports and submissions were made in compliance with regulatory requirements, such as
25 discharge monitoring reports, toxic release inventory submissions, or submissions concerning air
26 emissions. The Debtors report numerous releases each year, primarily minor releases of
27 transformer oil from equipment in the field. The vast majority of the notifications are made as a
28 courtesy to local CUPAs. Releases of larger quantities, releases to water, or other more significant
releases are reported under California Health and Safety Code section 25510 to California's Office
of Emergency Services and are included in the response to Statement 24.

Compliance with federal, state and local laws and regulations relating to the discharge of pollutants
into the environment, the disposal of hazardous wastes and other related activities affecting the
environment have had and will continue to have an impact on the Debtors.

- r. **Statement 26d – Books, Records, and Financial Statements:** Pursuant to the requirements of
the Securities Exchange Act of 1934, as amended, the Debtors have filed with the SEC reports on
Form 8-K, Form 10-Q, and Form 10-K. These SEC filings contain consolidated financial
information. Additionally, consolidated financial information is posted on PG&E's website at
www.pge.com. Because the SEC filings and the website are of public record, PG&E does not
maintain records of the parties that requested or obtained copies of any of the SEC filings from the
SEC or PG&E. In addition, PG&E provides certain parties, such as banks, auditors, potential
investors, vendors and financial advisors financial statements that may not be part of a public

1 filing. PG&E does not maintain complete lists to track such disclosures. As such, PG&E has not
2 provided lists of these parties in response to this Statement.

- 3 s. **Statement 27 – Inventories:** The Debtors perform physical inventories for the materials it
